

myON Supports Teaching and Learning

Within the myON personalized literacy environment, educators have access to a comprehensive online library containing thousands of enhanced digital texts to support teaching and learning. You'll find a wide range of topics and genres, in a blend of 70% non-fiction, 30% fiction, with 10% of the overall collection comprised of Spanish-dual language titles.

Here's a brief look at the myON environment from an educator's perspective.

Log In at www.myON.com. Click on the **Log in now** button and enter the following information:

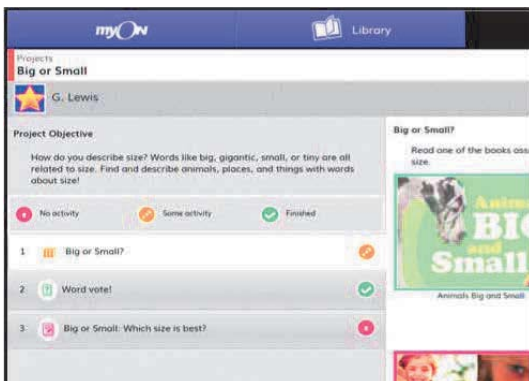

(Begin by entering the first few letters of the school name, then click on the name from the drop-down menu)

School Name: Enter School name

Username: Lawson number

Password: District password

From your dashboard, you can access the entire library as well as classroom tools that allow you to create and assign projects to individual students, groups or whole classes.

Sample teacher-created project

Real-time report functionality enables you to monitor student activity (books browsed and read, time spent reading, progress on assigned projects) as well as growth (results of embedded Lexile® assessments and optional end-of-book comprehension quizzes) and more.

Sample Lexile Report

Additional resources, including video tutorials, user guides and product updates, are available in the ProDev educator resource portal at <http://prodev.myon.com/>
