Monthly Reading Tips for Families Volume 4

Choosing Books For Babies

Choose books that are bright and colorful. It is easier for babies to see high contrast pictures. A couple of high contrast books are “Black” and “White”.

Babies love books that are simple and fun with pictures that explain the text. Before bath time, read the book “Pig Takes a Bath”.

Children learn the cadence of language and speaking through the use of rhymes, poems, and songs. They are also fun for parents to read or sing aloud. Try reading or singing “The Wheels on the Bus” or “The Ants Go Marching”.

Books about everyday life and events encourage children to ask questions and learn about their world. Try “Pony Brushes His Teeth” and “Nap Time For Kitty”.

Use books as a way to learn about crafts and hobbies that you can do together as a family. Books such as “Cool Crafts with Cardboard and Wrapping Paper” may be a great way to pass an afternoon.

Choosing Digital Books For Preschoolers

Your preschooler is starting to learn shapes, letters, numbers, and colors. Select digital books that will help build these early literacy skills such as “Circles Everywhere” and “Christmas Fun”.

Playful characters, either real or imaginary, will be engaging for your preschooler. Try “Tuckerbean” or “Bess and Tess”.
